

PRSANZ Research Award

Award of the Paediatrics & Child Health Division

Prize: \$1000

Open to: PRSANZ (Paediatric Research Society of Australia and New Zealand) Australian and New Zealand members. Candidate must be a member of the PRSANZ at the time of both abstract submission and presentation.

Criteria:

- The research must have been carried out in Australia or New Zealand.
- The research should be in the field of paediatrics, child public health, or basic science with demonstrated applicability to or implications for understanding or management of diseases of childhood.
- Both clinicians and non-clinicians will be eligible for the Award.
- If the applicant is a member of a team, the presenter must have made a significant contribution to the planning and conduct of the project and analysis of the data.
- The Award is for excellence of a research project and will be judged on the basis of the presentation at the Paediatrics & Child Health Annual Meeting, including originality, stated hypothesis and objectives, study methods, data analyses, and conclusions and implications of the results for child health.

Note:

- Presenters will offer their abstracts for publication in the Journal of Paediatrics and Child Health.
